12 degrees 100W solar panel

Overview

The Coleman 100W Crystalline Solar Panel is the ideal choice for generating power in remote locations or as a part of a back-up power system. The solar panel is designed to charge 12V batteries such as the ones used in RVs, cottages, emergency power systems, and more. The panel is fully weather-resistant and comes with shatterproof tempered glass, aluminum frame and integrated blocking diode that protects the battery from discharge at night.
