

## Kongres Container

# 12v energy storage battery 300ah communication base station battery

## Overview

---

What is the power capacity of a 12V 300Ah battery?

Our 12V 300Ah battery has 3840Wh of energy. It supports a max. load power of 2560W and a max. continuous charge/discharge current of 200A.

What is battery management system?

Battery management system used in the field of industrial and commercial energy storage.

How do we ensure the safety and reliability of battery products?

From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner. Through multi-branch design, we fully and fully monitor battery voltage, power, temperature, communication and other states to ensure the normal operation of the power system.
