1500w communication base station wind power supply

Overview

What is a 1500W power supply?

With a 1,500W base and 1,700W boost, power your kitchen gadgets and keep 99% of devices running during outages or adventures. Whether keeping your home lit during blackouts, charging up while camping, fueling your road trip, or running power tools, this device delivers versatile, reliable energy.

How much power does a basecharge 1500 have?

BaseCharge 1500 has a 1521 Wh internal battery with the ability to provide up to 1200W of continuous power and 2400W surge power to help kickstart devices like blenders, saws, etc.

How long can a 1500 watt battery run?

As a quick reference, with the 1500 Wh battery you can run 100W devices for 15 hours, 500W devices for 3 hours, or recharge smaller devices' batteries multiple times. With AC/DC power and multiple outlets to choose from, BaseCharge 1500 is capable of powering a vast range of devices.
