Are communication base station inverters considered public facilities

The advertisement features a composite image. On the left, a modern house with a dark roof and two skylights is shown at dusk, with interior lights glowing. On the right, a stack of four white lithium battery modules is displayed. Each module is labeled 'SE-GS1 Pro-B LITHIUM BATTERY MODULE' and has various ports and indicators on its front panel. Below the house image, the text 'Low Voltage Lithium Battery' is written in a bold, black font. Underneath this, a blue rounded rectangle contains the text '6000+ Cycle Life' in white. The background of the advertisement is a landscape with a field of solar panels in the foreground, a small red barn, and snow-capped mountains in the distance under a clear sky.
