Honeycomb cabinet outdoor power supply

Overview

What is a Longxing outdoor power cabinet?

LongXing outdoor power cabinet provides flexible size options, offers the ideal enclosure solution to build the whole base station inside.

What is an outdoor NEMA 3R Battery Cabinet?

Outdoor NEMA 3R modular design easily expands and can accommodate any configuration of batteries and DC power equipment. This becomes a great alternative for substations with limited interior space allowing for consolidation of your DC power system. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.

What is an outdoor Battery Cabinet?

HindlePower's Outdoor Battery Cabinet is constructed of extremely durable injected foam panels that achieve a level of thermal performance not previously seen in traditional battery cabinets. Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures to 122°F.

Is hindlepower outdoor Battery Cabinet certified?

HindlePower's Outdoor Battery Cabinet is certified to IBC 2012, CBC 2013, and IEEE 693 to the highest levels. See our certification document here for more information. Outdoor NEMA 3R modular design easily expands and can accommodate any configuration of batteries and DC power equipment.

How does hindlepower's outdoor battery cabinet work?

HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation. Rather than using a monitor to alarm when the amount of hydrogen exceeds the lower explosive limit, the Cabinet purges the air based on battery Ah capacity and technology based on the guidelines set forth in IEEE 1635.
