Tashkent, Uzbekistan, January 24, 2025 /PRNewswire/ - Sungrow, a global leader in PV inverters and energy storage systems (ESS), in collaboration with China Energy Engineering Corporation (CEEC), is proud to announce the successful commissioning of the Lochin 150MW/300MWh energy storage project in.

Uzbekistan is expected to have one of the fastest growing storage markets in the world in the coming years, with the nation's government having set a target of 4.2GW of storage by 2030 - attractive PPAs are luring investors, with Middle Eastern finance in particular driving significant growth.

Since 2021, the country has added 10 new renewable plants, including nine solar and one wind facility, with a total capacity exceeding 2,500 MW, alongside over 2,200 MW from hydroelectric plants. These efforts have cut fossil fuel reliance in electricity production from 90% to 70% in three years.

How does 6Wresearch market report help businesses in making strategic decisions?
