

## Kongres Container

# Huawei Lithuania s new energy storage policy

### CONTAINER TYPE ENERGY STORAGE SYSTEM

Energy storage system

FC RoHS CE 

## Overview

---

- GoldenPeaks Capital and Huawei sign a strategic MoU to deploy 500MWh of grid-forming battery energy storage systems (BESS) across Central and Eastern Europe.
- Partnership strengthens grid stability amid rising renewable integration, aligning with EU carbon neutrality and energy resilience goals. Will EU grant a battery storage project in Lithuania?

How will Lithuania support energy storage projects?

Image: Energy Cells via LinkedIn. Lithuania can move ahead with a scheme to provide €180 million (US\$200 million) in grants to energy storage projects after it was approved by the EU. The programme will provide direct grants for the construction of the projects, with a target to support at least 1.2GWh of energy storage projects.

When will energy storage funding be available?

The money will be available to all energy storage technologies that are directly connected to the transmission network, and winning projects will be selected through a competitive bidding process. Aid will be granted no later than 31 December, 2025.
