# Huawei Singapore Energy Storage Project Company

## Overview

---

Singapore, 13 May 2025 – Huawei International Pte. Ltd. (“Huawei”) and Keppel Ltd.’s Infrastructure Division (“Keppel”), have signed a non-binding Memorandum of Understanding (MOU) to collaborate on renewable energy solutions, focusing on photovoltaic (PV) systems and Battery.

Singapore, 13 May 2025 – Huawei International Pte. Ltd. (“Huawei”) and Keppel Ltd.’s Infrastructure Division (“Keppel”), have signed a non-binding Memorandum of Understanding (MOU) to collaborate on renewable energy solutions, focusing on photovoltaic (PV) systems and Battery.

Huawei and Keppel have signed a Memorandum of Understanding (MoU) to develop solar and battery energy storage system (BESS) projects for the data center and other high-energy-consuming sectors, initially focusing on the ASEAN region. The MoU will see the companies explore the design and development.

Singapore has surpassed its 2025 energy storage deployment target three years early, with the official opening of the biggest battery storage project in Southeast Asia. The opening was hosted by the 200MW/285MWh battery energy storage system (BESS) project’s developer Sembcorp, together with.

Energy storage is “essential” to overcome the intermittency of renewable energy sources such as solar power, says Cindy Lim, chief executive officer of Keppel’s infrastructure division. PHOTO: PIXABAY Energy storage is “essential” to overcome the intermittency of renewable energy sources such as.

Keppel Infrastructure Division has signed a Memorandum of Understanding (MoU) with Huawei International to co-develop solar photovoltaic (PV) systems and battery energy storage system (BESS) technologies for interconnected

power grids in Southeast Asia. The partnership, inked on May 13, will also.

Sembcorp Industries (Sembcorp) and the Energy Market Authority (EMA) today officially opened the Sembcorp Energy Storage System (ESS). The Sembcorp ESS is Southeast Asia's largest ESS and spans across two hectares of land in the Banyan and Sakra region on Jurong Island. Commissioned in six months.
