CAMBRIDGE, Mass.-- (BUSINESS WIRE)--Malta Inc., a leader in long-duration energy storage, today announced that it has closed on a round of financing provided by a group of investors including Siemens Energy Ventures and Alfa Laval as well as existing shareholders Breakthrough Energy Ventures.

The government has received 16 offers for the development of Malta's first large-scale utility battery energy storage systems, Minister for the Environment, Energy and Public Cleanliness Miriam Dalli told The Malta Independent. Interconnect Malta had launched the procurement process for the design.

A €10 million investment to shift to renewable energy; additional benefit for Gozo households Over €10 million investment in renewable energy grants will support households in their shift to sustainable energy. This was announced by the Minister for Energy Miriam Dalli, who explained that this.
