Mauritius Solar Panel Power Generation Project

Overview

The Central Electricity Board (CEB) of Mauritius is spearheading this initiative, launching a formal tender for the development of new photovoltaic (PV) projects across the island. Will Mauritius move to solar PV power generation?

The project seeks to accelerate sustainable on-grid PV electricity generation in Mauritius by leveraging \$ 17.5 million in private sector investment over its four-year implementation period. Moving to a Solar PV Power Generation in Mauritius, Rodrigues and the Outer Islands.

Who installed the solar PV farm in Mauritius?

Siemens France installed the solar PV farm in Mauritius. The finance minister also announced plans to increase the capacity of the solar PV farm at Henrietta from 2 MW to 10 MW; the CEB subsequently launched a tender for an 8MW ac solar PV farm project valued at \$8 million.

Does Mauritius use solar energy?

Mauritius has an attractive potential for solar energy, with an average annual solar radiation value of some 6 kWh/m²/day. Solar photovoltaic (PV) energy is an option due to the almost year-round intensive sunlight. To achieve the target of 60 percent renewable energy by 2030, Mauritius has commissioned six more solar farms.

Are there integrated photovoltaics in Mauritius?

According to MARENA, there are currently no building integrated photovoltaics in Mauritius. Energy efficiency is now one of the main criteria in the design of public buildings and in rental of private buildings. The Green Building Council Mauritius was set up in 2009 to promote green building and is a member of World Green Building Council.

What is the target for on-grid PV in Mauritius by 2025?

The target for on-grid PV in Mauritius by 2025 is 2% of electricity generation. It

is envisaged that this project will enable Mauritius to meet (and maybe even surpass) this target.

When is CEB solar PV scheme launching?

In line with the measures announced in the National Budget Speech 2021-2022, the Central Electricity Board (CEB) is pleased to inform its customers and the general public of the launching of the “ CEB Solar PV Scheme for Domestic Customers (Households) ” on 26 November 2021.
