## Overview

---

Who oversees Mozambique's off-grid projects?

Most of Mozambique's off-grid projects are being overseen by national promoter and developer FUNAE. In March 2024, the institution announced it would invest in 19 new mini-grid construction projects in remote areas to add to its portfolio of generation assets.

How much electricity does Mozambique get from off-grid projects?

About 10% of electricity access in Mozambique comes from off-grid projects, and more are being rolled out. Evaristo Cumbane, an energy consultant based in Maputo, said large projects like Cahora Bassa and Mphanda Nkuwa are important but stressed the need for smaller, local sources of energy.

Will Mozambique's new energy project be a game-changer?

While the project is important to many countries, its most significant impact will be experienced by Mozambique itself. With a scheduled end date of July 2028, the development could prove a game-changer for Mozambique's economy and energy infrastructure, unlocking new avenues to an once-troubled region.

Does Mozambique have hydropower?

Including hydropower, renewables currently make up 70% of all energy produced in Mozambique. Hydropower has traditionally been the largest contributor to Mozambique's power production. The country has one of the largest potentials in Africa, largely thanks to the mighty Zambezi River, which boasts a projected production capacity of 20 GW.

What is Mozambique's energy potential?

The country has one of the largest potentials in Africa, largely thanks to the mighty Zambezi River, which boasts a projected production capacity of 20 GW. More than half of this potential is in Mozambique. Existing power plants

such as Hidroeléctrica de Cahora Bassa (HCB) contribute significantly to the country's energy production.

How big is Mozambique LNG project?

A number of massive projects aiming to ship the gas around the world in the form of LNG were soon proposed. TotalEnergies' Mozambique LNG project stands out for its sheer size, with the \$20bn in financing a figure roughly the same size as Mozambique's entire GDP.
