Nanya New Energy Inverter Manufacturer

Overview

Who is Nanya energy technology?

Discover our comprehensive range of electric vehicle charging solutions for various applications. Join our platform to access exclusive features, real-time monitoring, and personalized support for your EV charging infrastructure. Nanya Energy Technology - A leading manufacturer specializing in electric vehicle (EV) charging solutions since 2016.

Who owns Nanya Technology?

Nanya is conducting joint technology development with Micron Technology, working together on advanced DRAM manufacturing processes. In 2015, Nanya sold its share of the joint venture, called Inotera, to Micron. Taiwan-based Nan Ya Plastics, which is part of the Formosa Group, is the controlling shareholder of Nanya Technology.

What is Nanya DRAM?

Create a smart connected home covering a wide variety of consumer electronics with standard and low power DRAM densities ranging from 512Mb to 8Gb. Nanya DRAM enables employees to work smart and maximize efficiency in the office place - both at the desk and behind the scenes.

What makes Nanya a great company?

Innovation, as one of the four core values of Nanya, is the foremost drive of our growth. We continuously enhance our competitiveness in R&D to satisfy a broad range of demands, striving to provide the optimal solutions for our customers. Nanya's focus on technological development.

What is Nanya Technology doing with piecemakers technology?

At the same time, Nanya Technology is also working with our strategic partner, PieceMakers Technology Inc., to develop customized ultra-high-bandwidth DRAM products to expand business opportunities in the emerging

AI chip market.

What makes Nanya a smart factory?

Nanya's 12-inch wafer fab is equipped with complete infrastructure for smart factory, including automated production lines, IIoT, and big data analytics. We further enhance yield, quality and output with AI applications, including predictive maintenance, production planning optimisation, quality inspection, yield analysis.
