New Zealand imported inverter manufacturers

Overview

What types of solar inverters are available in NZ?

There are different types of inverter available. This includes inverters that can connect to the electricity grid based on your home's connection. One of the most common types of solar inverter in use in NZ, however, is the hybrid inverter.

Who makes solar inverters & energy storage solutions?

Leading Manufacturer of Solar Inverters & Energy Storage Solutions GoodWe specialise in manufacturing solar and PV inverters as well as other electronic components.

Why should you buy a NZ inverter?

Locally stocked inverters and batteries backed by robust NZ warranties and decades of tech expertise for swift, reliable support. Precision-engineered racking with click-in assembly, rigorously tested for wind, snow, and UV resistance—built for fast, durable installs.

Why should you buy a solar inverter in NZ in June 2025?

June 2025 marks a turning point for solar in NZ, with new builds, rural financing, and ICP growth pointing to structural change across residential, industrial, and utility sectors. Source high-performance hybrid, residential & commercial solar inverters. Complete technical support, local stock, and comprehensive warranties for your installations.

Who are Sungrow solar inverters?

A global inverter and storage manufacturer with a complete range of products for solar and storage projects in Australia and New Zealand. Sungrow make a complete range of solar inverters and energy storage products for residential, commercial, industrial and utility grade solar projects.

Who makes a good inverter?

We partner with globally trusted brands—like GoodWe, Redback, TBB—ensuring each inverter undergoes rigorous testing and meets stringent quality standards. Strong efficiency ratings, minimal downtime, and responsive backup capabilities translate into consistent, predictable energy yields.
