# New energy storage capacity BESS solution

## Overview

---

ABB today announced the launch of its new Battery Energy Storage Systems-as-a-Service (BESS-as-a-Service) – a flexible, zero-CapEx solution designed to accelerate the shift to clean, resilient and affordable energy.

ABB today announced the launch of its new Battery Energy Storage Systems-as-a-Service (BESS-as-a-Service) – a flexible, zero-CapEx solution designed to accelerate the shift to clean, resilient and affordable energy.

Tesla announced its new integrated 20MWh battery energy storage system (BESS) solution, the Tesla Megablock, on 8 September in Las Vegas, US. Megablock is a pre-engineered BESS solution combining four Tesla Megapacks, a transformer and switchgear. According to Tesla, Megablock is designed for a.

Cummins Inc.'s (NYSE: CMI) Power Generation business announced the addition of new Battery Energy Storage Systems (BESS) solutions to their global product line. Fully integrated BESS containers for AC output, the development of this product represents a significant push towards helping customers.

CATL catapults itself into the record books after unveiling the TENER Stack, the world's first 9-MWh ultra-large capacity energy storage system solution. The company revealed the next-gen product at ees Europe 2025. "CATL has always been at the forefront of the energy transition," said Amanda Xu.

ABB today announced the launch of its new Battery Energy Storage Systems-as-a-Service (BESS-as-a-Service) – a flexible, zero-CapEx solution designed to accelerate the shift to clean, resilient and affordable energy. BESS-as-a-Service is the first in a range of next generation service models being.

The operator has partnered with Calibrant Energy to install a 31 MW battery storage system at its data center campus in the Pacific Northwest.
