# North African inverter source manufacturer

## Overview

---

Which inverter systems are available in South Africa?

PHD has the widest range of Inverter systems in south africa, and the southern african region, we have both pure and modified sinewave inverter systems, with and with out battery chargers. We offer Victron Range aswell as the state of the are super home (ST2X) range and the Studer range of inverters directly from Studer Switzerland.

What is an inverter used for?

An inverter is an electrical appliance that changes direct current (DC) to alternating current (AC). It is used in conjunction with batteries and solar systems. Our various inverters can be used in many applications including computer environments, TVs, fans, office, access control, security and home.

Is WECO a good inverter?

If you don't know about this great inverter, now is the time to learn all about it. This is a quality inverter that works well in the African environment. The awards for WeCo keep coming. The Financial Times recently ranked WeCo in the Top 3 of Europe's Fastest Growing Companies.
