Norway 5G base station battery bidding

Overview

Does Norway have a 5G network?

Telia has delivered a private 5G network to Norway's armed forces in which mobile traffic is separated from the rest of the national network, providing flexible and secure communication.

Can a 5G base station be flown by a drone?

This summer, Telia partnered with rescue services in Norway to test a battery-powered, satellite-connected 5G/4G base station that can be flown by drone, allowing quick restoration of mobile coverage after natural disasters or extreme weather. Ericsson is Telia's technology partner for the Norwegian 5G rollout.

How many 5G mobile devices are connected to Telia's network in Norway?

Today, 1.6 million 5G mobile devices are already connected to Telia's network in Norway, with many customers accessing the internet solely through 5G wireless broadband. 5G's Norwegian numbers tell their own story.

Who is Telia's technology partner for the Norwegian 5G rollout?

Ericsson is Telia's technology partner for the Norwegian 5G rollout. In parallel, Telia is upgrading its 4G network across the country, further increasing speed and coverage while doubling capacity. NOTES TO EDITORS For more information, contact Telia Company's press office on +46 (0)771 77 58 30, visit our newsroom and follow us on LinkedIn.
