Seychelles low-carbon solar curtain wall manufacturer

Overview

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

Who is SUN Tech PV energy company Seychelles?

Since 2009 our team has been sourcing out and installing the best solar photovoltaic (PV) technology available on the global market. At Sun Tech PV Energy Company Seychelles our aim is to ensure that your PV technology and installation is of the highest quality in order for it to live up to its life expectancy.

What is a curtain wall?

Curtain walling refers to a non-structural cladding system made from fabricated aluminum, commonly used on the outer walls of tall multi-storey buildings. This lightweight material offers ease of installation and can be customized to be glazed, opaque, or equipped with infill panels.
