Solar panel export price

Overview

Where do solar PV exports come from?

The latest monthly solar PV export data from the world's largest exporter, China, by country or region of destination. Ember China solar export dataset provides the following information: The IEA has stated that China's solar photovoltaic exports account for 80% of the global market.

What are China's solar PV exports?

In 2021, the value of China's solar PV exports was over USD 30 billion, almost 7% of China's trade surplus over the last five years. In addition, Chinese investments in Malaysia and Viet Nam also made these countries major exporters of PV products, accounting for around 10% and 5% respectively of their trade surpluses since 2017.

How much does solar energy export cost?

Data from the General Administration of Customs and calculations by Solarbe indicate that while the export value is decreasing, the volume continues to rise. The total export value of PV modules in May was \$2.623 billion, down 36.8% year-on-year and 1.33% month-on-month.

Are China's solar module exports increasing or decreasing?

In May 2024, China's solar module exports showed a notable trend: higher volumes but lower prices. Data from the General Administration of Customs and calculations by Solarbe indicate that while the export value is decreasing, the volume continues to rise.

How has global solar PV manufacturing capacity changed over the last decade?

Global solar PV manufacturing capacity has increasingly moved from Europe, Japan and the United States to China over the last decade. China has invested over USD 50 billion in new PV supply capacity – ten times more than Europe –

and created more than 300 000 manufacturing jobs across the solar PV value chain since 2011.

What is the Ember China solar export dataset?

Ember China solar export dataset provides the following information: The IEA has stated that China's solar photovoltaic exports account for 80% of the global market. Ember's China solar exports dataset is sourced from the General Administration of Customs of the People's Republic of China (GACC): Data is available from 2017 to present.
