

## Kongres Container

**The battery cabinet has an external power supply for charging**

## Overview

---

What is a lithium-ion battery storage cabinet?

DENIOS presents its Energy Storage Cabinet specifically crafted for Lithium-Ion batteries, ensuring secure containment and charging. These meticulously designed lithium-ion battery storage containers guarantee comprehensive safeguarding, including 90-minute fire resistance against external sources.

How many receptacles does a lithium-ion battery cabinet have?

This patent-pending design for our lithium-ion battery cabinet offers the highest level of protection. With eight receptacles, it allows for simultaneous charging of multiple batteries up to a maximum of 4kWh, providing a reliable and efficient solution.

Which lithium-ion charging cabinets should I Choose?

Asecos provides two reliable lithium-ion charging cabinets to fit your specific needs. Both options offer exceptional fire protection and safety features, ensuring secure storage and battery charging. This guide will help you choose the right cabinet size for your space and capacity requirements.

How do I contact Justrite lithium-ion battery charging cabinet?

Contact us via phone or chat 7 days a week. The Justrite Lithium-Ion Battery Charging Cabinet is the ultimate solution for safely charging and storing your lithium-ion batteries. Each charging station locker has multiple layers of advanced shielding to help reduce the risk of battery fires and thermal runaway.

How many kWh can a battery storage unit hold?

This battery storage unit has a max capacity of 4kWh. It includes an 8-receptacle power strip to allow you to charge multiple batteries at once. The lightweight, benchtop design makes it easy to move the cabinet wherever you need it. Lockable doors keep your lithium-ion batteries securely stored and

safe from theft.

Where can I find the perfect lithium-ion battery storage container?

Let the team at Denios help you find the perfect lithium-ion battery storage container. Our website offers state-of-the-art lithium-ion cabinets with fireproof battery storage, providing peace of mind and protection for your energy storage needs.
