Ukraine Odessa Energy Storage Equipment Renovation Project

Overview

Fluence and DTEK (through its subsidiary DTEK VDE) plan to complete the project by October 2025, with systems in place before the winter season of 2025-2026 to fortify Ukraine's power grid during potential outages.

Fluence and DTEK (through its subsidiary DTEK VDE) plan to complete the project by October 2025, with systems in place before the winter season of 2025-2026 to fortify Ukraine's power grid during potential outages.

DTEK, Ukraine's largest private energy company, has selected Fluence Energy B.V., a subsidiary of Fluence Energy, Inc. (NASDAQ: FLNC) ("Fluence"), a global market leader delivering intelligent energy storage, operational services, and asset optimization software, to supply Ukraine's first.

DTEK has selected Fluence Energy B.V., a subsidiary of Fluence Energy, Inc. (NASDAQ: FLNC), to implement Ukraine's first large-scale energy storage portfolio based on battery systems. The project, with a total investment of €140 million, is a significant step towards strengthening Ukraine's energy.

DTEK and Fluence, a global leader in energy storage, have announced the early deployment of this project. The 200 MW system, spanning six locations, is in its final phase, including commissioning, testing, and initial battery discharge. A total of 698 Fluence Gridstack modules have been installed.

DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest battery energy storage project, the company announced on July 10 at the Ukraine Recovery Conference (URC) in Rome. Since the beginning of the full-scale invasion, Russia has deliberately targeted.

As Ukraine rebuilds its infrastructure amid ongoing challenges, Odessa is leading the charge with innovative Battery Energy Storage Systems (BESS) for urban power supply. This article explores how industrial-scale energy storage solutions are stabilizing grids, supporting renewable integration, and.

On September 3, at the Forum "Charge and Earn: How ESS Are Changing the

Rules of the Game in Ukraine's Energy Market", organized by the Solar Energy Association of Ukraine (SEAU) and JSC Market Operator, SEAU partner - DTEK Renewables - announced the launch of the largest energy storage system.
