Vatican s new outdoor power supply

Overview

Pope Francis has ordered the construction of a solar power plant to supply the Vatican's electricity needs. He did so with the apostolic letter in the form of Motu proprio Fratello Sole, published in Italian on May 26, 2024.

Pope Francis has ordered the construction of a solar power plant to supply the Vatican's electricity needs. He did so with the apostolic letter in the form of Motu proprio Fratello Sole, published in Italian on May 26, 2024.

With the Apostolic Letter “Fratello sole,” issued motu proprio, Pope Francis provides for the construction of an agrivoltaic plant in the extraterritorial zone of Santa Maria in Galeria, where Vatican Radio maintains antennas for digital broadcasting. By Christopher Wells Highlighting the need “to.

To model what this could look like, he announced that solar panels would be installed on a Vatican-owned property outside Rome, and the power generated from that could supply all of Vatican City’s energy needs. The future installation would be projected to “ensure, not only the power supply of the.

VATICAN CITY — Pope Francis appointed two special commissioners to start work on building an agrivoltaic system on a Vatican property outside of Rome that could supply the whole of Vatican City’s energy needs. “There is a need to make a transition to a model of sustainable development that reduces.

Pope Francis has renewables on his mind as he says he wants Vatican City to run on solar power. To achieve his aim, solar panels will be installed on a Vatican-owned property outside Rome. The power generated could supply all of Vatican City's energy needs. In an apostolic letter issued "motu.

ROME (AP) — Italy agreed Thursday to a Vatican plan to turn a 430-hectare (1,000-acre) field north of Rome, once the source of controversy between the two, into a vast solar farm that the Holy See hopes will generate enough electricity to meet its needs and turn Vatican City into the world’s first.

A step forward has been taken toward the construction of an agrivoltaic plant

in a vast area of land belonging to the Holy See on the outskirts of Rome, known as Santa Maria di Galeria. On Thursday, July 31, 2025, at 12:00 noon, an agreement between the Holy See and the Italian Republic was signed.
